

MCAM's Associates & Mechanical Service Contractors Advisory Councils were pleased to host the February Lunch & Learn at The Leaf on February 23, 2023.

Guests enjoyed their coffee as they networked with the Exhibit Sponsors (Chem-Aqua, 365 Technologies and BPL Sales) and Presenting Sponsors at their booths. Once the luncheon began, one of MCAM's Board of Directors members, Dan Olson (ABCO Service & Supply) welcomed industry members.

The first presentation was given by Glen Hagen and Chris Hope of the City of Winnipeg. The representatives from the City reviewed the City of Winnipeg Sewer By-Law requirements for grease interceptors, what you should expect when City Inspectors come to call, and the current barcode tracking system.

The second presentation was from Tom Beggs and Shelley Baker of Tom Beggs Agencies to provide clear guidance for the design, installation and maintenance of grease interceptors in institutional and commercial food handling establishments.

Our first Presenting Sponsor, Uponor gave a presentation about Commercial Plumbing and Avoiding Hot Water Recirc Pitfalls. Our next Presenting Sponsor, Can-Aqua provided an overview of their company and products.

Thank you to our valued sponsors and supporters that contributed to the success of the event!

Thank you to our Presenting Sponsors
